KEEP OUT OF REACH OF CHILDREN

Sold By:

This concentrated cleaning product is formulated with the grease and stain cutting power of chlorine. Designed for use in a wide variety of applications and dilution ratios for economical and versatile performance. Create a clinging foam when used with any appropriate foam generating equipment.

DIRECTIONS

Dilute concentrate with warm or cold water. Use 1 part concentrate diluted with 8 to 10 parts of water when extreme cleaning power is required. Use dilutions of up to 1:50 for lighter cleaning chores. Dilution ratios may be adjusted to give the desired results and speed of cleaning with the application method employed. This product will produce a thick clinging foam when applied with foam generating sprayers.
